Papaya Sunrise is an all caps display font loosely based on childlike handwriting. Although unrefined in nature it is highly legible and perfect for instances that call for a little informality. Papaya Sunrise would work great in advertising, labels, or in a children's book. Basic Latin, extended Latin, diacritics, Cyrillic, punctuation, and kerning are all included in the full version. The demo features basic Latin, Cyrillic, and limited punctuation.

The full version is \$20 for personal use only. Just go to [www.sharkshock.net/pay](http://www.sharkshock.net/pay) . Please note this \$20 does NOT constitute a contract for commercial use.
