Squack Fonts- License & FAQ

First things, Thank you for choosing one of my fonts. I hope you will enjoy it/abuse it/use for a suicide note/ or a threatening letter to your grandmother.

Most of my fonts are **donationware**. That means, in order to use them **commercially** you will have to make a **donation** at the least you could send a thank you note. I also accept donations for the hard work and love of typography.

I value each of my fonts on dafont at \$200 (I picked the number out of my A\$\$) for every \$200 donated for my fonts I will make a font Freeware). So far I reckon I've had about \$300 in donations over the year from 150,000 downloads, the numbers add up right? right? Anyway I've made 4 of my fonts available free and I will continue to do so for every \$200 raised from now on.

This probably won't change anything but I'm putting it out there.

So Donate Macht Frei!

Donations can be made through PayPal. The payout account is **squackfonts@gmail.com** Alternatively you can use the 'Donate to author' button next to the font on DaFont.com.

Due to costs involved when using PayPal, I will not accept any donations less than 1 US\$.

Thank you. Enjoy it.
